

**Letter of Daniel Freund, Member of the European Parliament  
to Commissioner Elisa Ferreira**

07.09.2021

**Subject: Follow-up question to reply on WQ E-003115/2021**

Dear Commissioner Ferreira,

I'm reaching out with a follow-up question to your reply on our written question regarding the distribution of EU funds in Hungary (E-003115/2021).

In your reply you stated that „The Commission is not aware of the analysis conducted by the Hungarian anti-corruption association KELLESZ to which the question makes reference.” However, the Commission received the analysis on 1 April 2021 and replied to KELLESZ on 18 May 2021 (Ref. Ares(2021)3279862 - 18/05/2021, see attachment).

Why is the Commission not aware of the letter it received and replied to? In view of the serious violations of EU law in Hungary which are described in the analysis of KELLESZ, and which threaten the effective and efficient use of EU funds, does the Commission envisage any concrete measures?

Thank you and kind regards,

**Daniel Freund**
